

The background of the advertisement is a photograph of an optical shop. In the foreground, there is a large wooden cabinet with many small drawers, each with a round knob. Above the cabinet is a black display counter. On the counter, several pairs of eyeglasses are displayed on white cardholders. A teal-colored semi-circular graphic is overlaid on the counter area, containing the text 'O14' and a description of the product. The overall lighting is bright and professional.

La structure en tôle d'acier emboutie est peinte avec de la poudre époxy. Le mouvement silencieux du tiroir est garanti par des roulements lubrifiés. Les blocs-tiroirs peuvent être équipés de différents types d'habillage extérieur afin de s'adapter à tout type de décoration et d'architecture intérieure.

La estructura de acero imprimida está pintada con polvo epoxi. El movimiento silencioso del cajón está garantizado por los rodamientos de bolas lubricados. Las cajoneras pueden equiparse con diferentes tipos de revestimiento exterior, que se adapten a cualquier diseño y arquitectura de interiores.

La struttura in lamiera d'acciaio stampata è verniciata con polvere epossidica. La silenziosità dello scorrimento è garantita da cuscinetti a sfere autolubrificanti. Le cassettiere possono accogliere diversi tipi di rivestimento esterno, per adattarsi a qualsiasi linea di arredo e di architettura d'interni.

The steel sheet structure is coated with epoxy-powder paints. The silent drawer sliding is guaranteed by self-lubricating ball bearings. The drawer units can employ different kinds of finish, so to adapt to every style of furniture.

La Cassetтира **Vedo F12** è certificata da COSMOB secondo la norma numero UNI 8604:2005

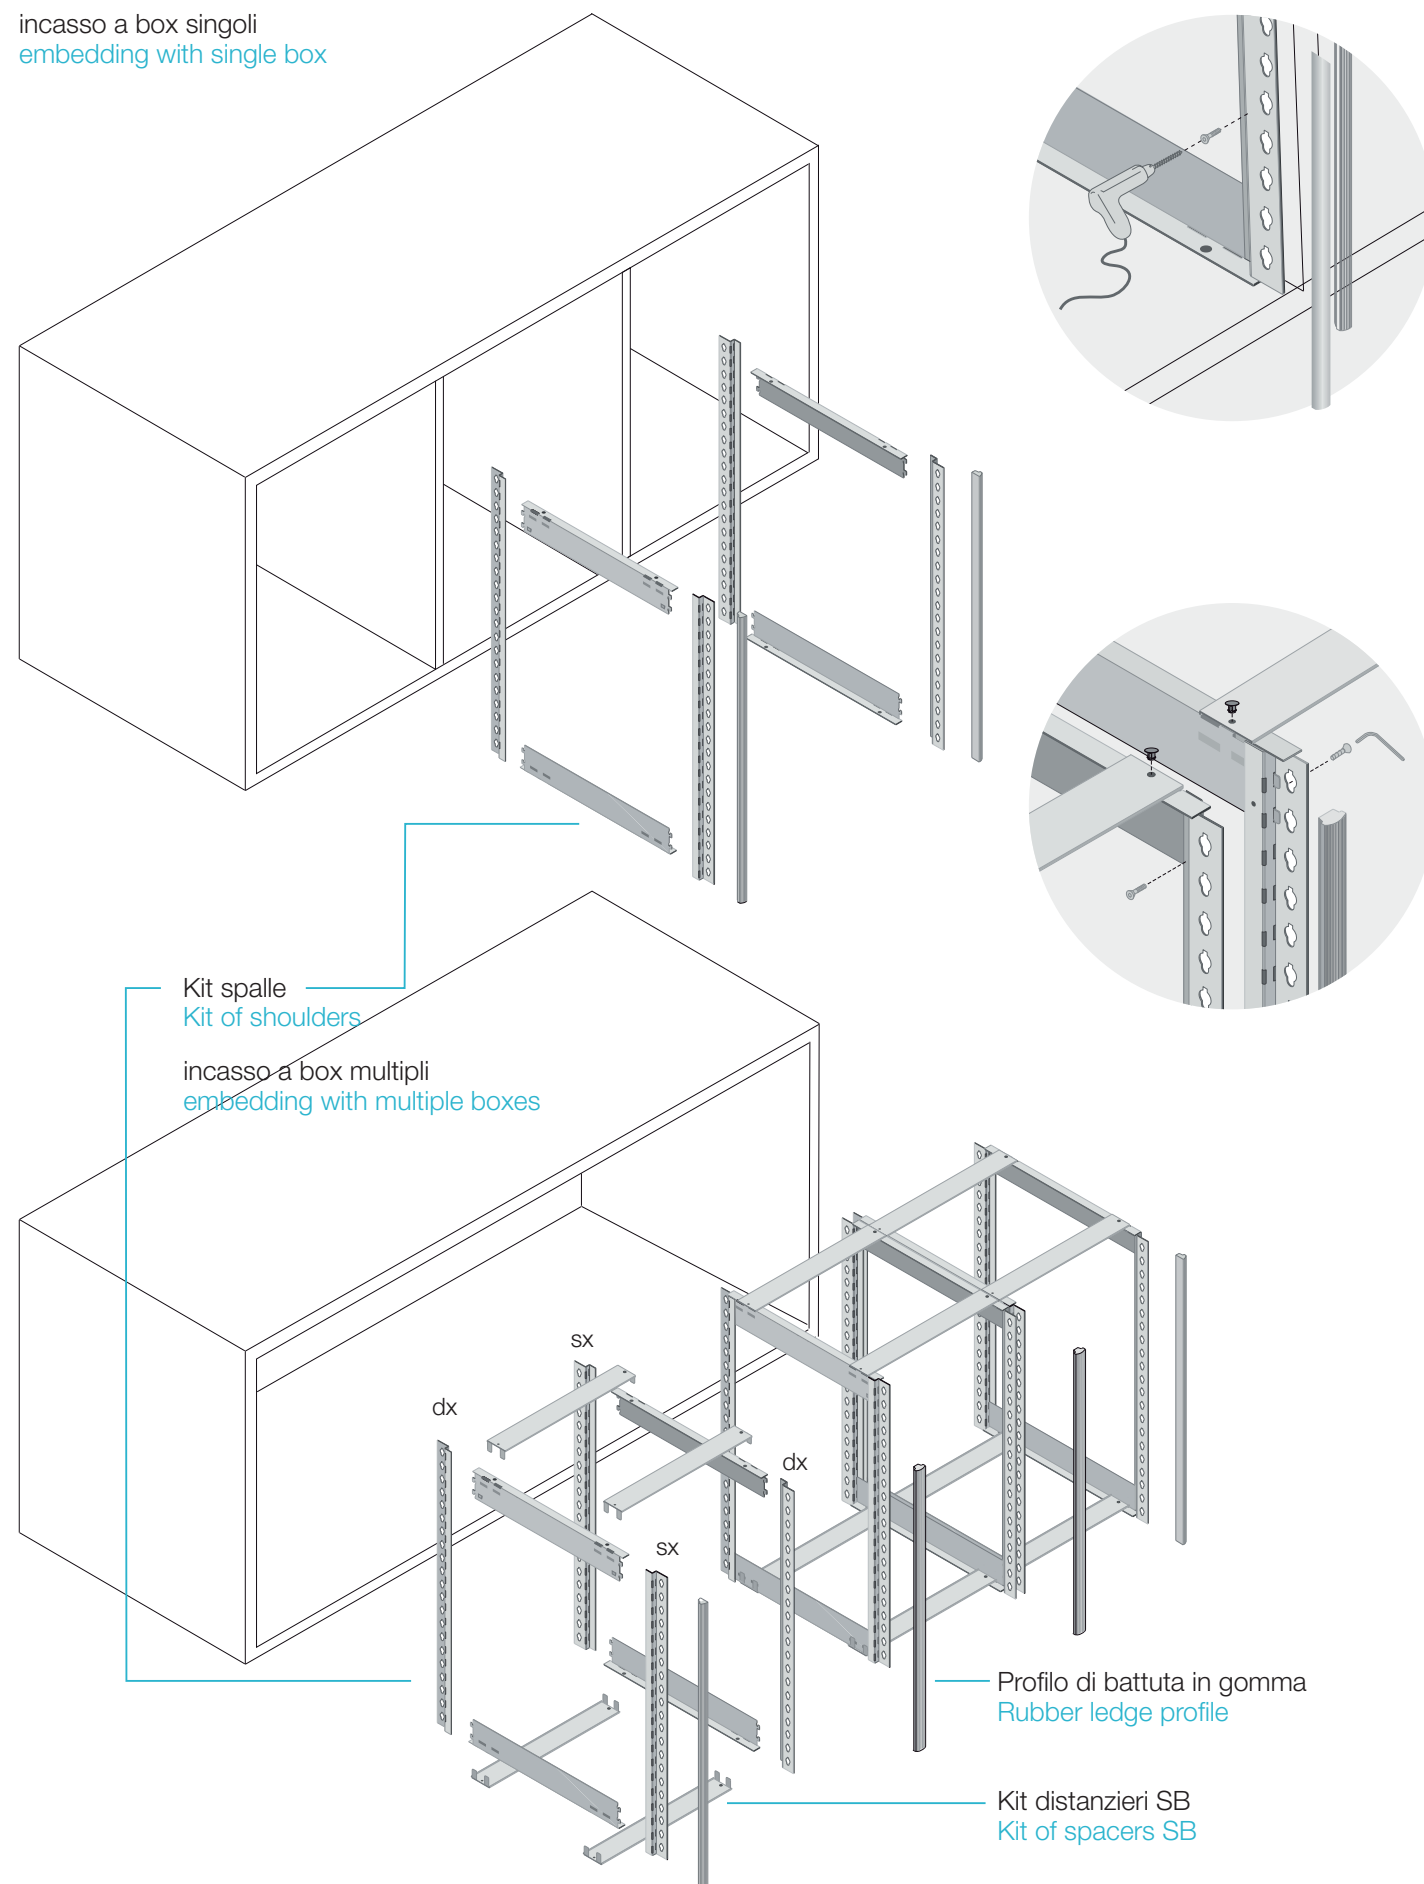

Mobili contenitori.
